

BANNER UP SHOW PIG 155

We like to call this the "Cadillac" of show feeds specifically formulated for heavy muscled pigs. We recommend using it for pigs weighing 100 pounds until finish.

Show Pig 155 has a 15.5% protein and has our Mega Meal® & Mega 19™. Which will give your pig a more show look without making it look too soft.

We have incorporated a few other key ingredients that will improve gut health, digestibility, and maximize your pig's genetic potential.

GSP Feed	Weight Recommendation
Banner Up Show 155	100 lbs-show, feed 5-7 lbs per day *

*Depending on muscling, pigs can start at 100 lbs or wait till closer to 200 lbs. Heavy muscled pigs may start on this feed at lower weight ranges.
